

One thing that I found was unexpected was that the hour with the longest trip time started at 2:00 to 2:59 am, with an average trip time of 3203 seconds.

Average Trip Time each Hour

Another thing that I thought was unexpected is that there are a lot more men that use the bike service, compared to the number of women, with 114,618 men that have used this services and with 35,487 women who used this service.
